Conquer the world of animation by learning to generate eye-catching Animation, VFX, Game Design and Development from AAFT School of Animation.

At AAFT School of Animation, you will learn to bring the characters and stories to life through a range of 2D and 3D animation and VFX techniques.

ABOUT SCHOOL OF ANIMATION

Students will be equipped with the skills, knowledge, and technical training required to make a smooth transition to the field. Some prominent national and international animators like Claudia Ceisla, Dr. Bhishma Narayan, Prabhakar, Vinay Vikram Singh, etc. have enriched students' knowledge by sharing their experiences.

I think animation is a very truthful way to express your thoughts, because the process is very direct. That's what I've always liked about animation. You go from the idea to execution, straight from your brain and in AAFTSchool of Animation you do the process in correct way.

A portrait of Dr. Sandeep Marwah, a man with dark hair, a mustache, and glasses, wearing a dark suit, white shirt, and blue patterned tie. He is smiling and looking towards the camera. The background is blurred, showing what appears to be an indoor setting with some colorful objects.

MESSAGE FROM THE **PRESIDENT**

Dr. Sandeep Marwah

Welcome to the world of limitless possibilities at AAFT School of Animation!

It's my pleasure to extend a warm invitation to all aspiring animators, visual effects artists, game designers, and creative enthusiasts who intend to embark on an exhilarating and rewarding journey in the ever-evolving animation industry. Our meticulously designed curriculum is a perfect blend of theoretical knowledge, practical exposure, and industry insights, ensuring our students are well-prepared to excel in their chosen fields. Our dedicated faculty, comprising experienced professionals and passionate educators, are committed to providing an enriching and inspiring environment for our students to hone their skills and unleash their creative potential. We eagerly look forward to welcoming you to our creative family and witnessing your remarkable achievements in the animation industry.

CAMPUS

AFT School of Animation is a **spacious high-end fashion education platform located at the heart of Film City** which is the biggest media and film production hub in North India. We believe that as an academic discipline, Animation studies has become a vibrant area that incorporates creative, theoretical, historical and critical approaches to understanding animation. Thus, relevant practical exposure is required along with theoretical concepts to impart comprehensive understanding of this craft. We have a modern and professional campus which boasts of all vital facilities that are important for the overall growth of the students. It is equipped with state-of-the-art infrastructure and extend innovative facilities that allow students to gain first-hand experience of the industry operations.

Fully-equipped 2D / 3D Animation Labs, Post-Production / Editing Labs, Sculpting Labs and other high-end equipment provide students with an opportunity to learn and build confidence and enhance skills in their respective chosen disciplines. In-house activities, events, master workshops through celebrities and other hands-on activities are organized at the campus to provide real-industry experience to the students. They also get to work on Live Projects and participate in Global Fests. It also incorporates in-house production house and is associated with various forums & power houses like ICMEI, IFTC, Radio Noida, MSTV that are established to support the mission of imparting excellent education to the students at AAFT.

Animation can explain whatever the mind of man can conceive. In School of Animation the Curriculum and faculty helps students to make it the most versatile and explicit. Which can be the best means of communication yet devised for quick mass appreciation.

Infrastructure plays a pivotal role in facilitating practical apprehension and adequate industry exposure to the students. Our campus boasts of all advanced practical labs that any good animation school must have to foster relevant hands-on experience. We have our own **fully equipped 2D / 3D Animation Labs, Post-Production/ Editing Labs, Sculpting Labs** alongwith **High-end workstations (Animation workstations, Apple Mac Pro HD Ready, Digital pens and tablets)** and other industry-relevant equipment. We also have a state-of-the-art Library with more than 4000 books and various National & International magazines, newspapers, DVDs and eBooks on every aspect of Animation. We keep ourselves up-to-date with the latest developments in the animation world to ensure that our facilities provide comprehensive growth to the students.

auditorium

amphitheatre

classroom

canteen

Our advanced in-house animation labs along with facilities like online TV, student clubs, etc. help students to embrace the skills for becoming a proficient Animator. We also conduct several festivals that embrace the magic of animation, film, television, digital technologies and literature. All these facilities pose an opportunity for the students to create and exhibit their work in front of the industry experts and Animation fraternity. It also stages opportunities through which the aspirants can find out more about the career prospects in the animation industry.

TRAINING THROUGH TECHNOLOGY

Get acquainted and enhance your
professional skills with latest industry tools at
AAFT School of Animation

Good drawing is not copying the surface. It has to do with presenting their idea with conviction. In AAFT School of Animation, we don't want students to learn to draw just to end up being imprisoned in showing off their knowledge of joints and muscles. We want students to get the kind of reality that a camera can't get and this will be the best knowledge for the Students.

Masterclasses and workshops allow students to gain first-hand industry exposure, and thus, plays a pivotal role in imparting practical training. We continuously bring on board many renowned and award-winning industry experts who impart requisite hands-on knowledge to the students, preparing them for the future opportunities and challenges. It helps students to become capable for varied roles and responsibilities associated with the craft.

Students also get exposed to the historical and contemporary work across varied cultures, thus, getting the opportunity to learn different aspects of the animation industry. These workshops are conducted on varied topics that are integral to the comprehensive development of Animation students. During the workshops, experts demonstrate and endorse the actual processes and practices pertaining to the craft. The students enthusiastically attend these workshops as the industry experts share their knowledge and experiences with them.

We believe that the Seminars and Master Classes by popular industry experts are a great way to foster academic excellence and industry insights. In today's digital era, Webinars have immensely changed the way knowledge is being shared, making it possible to facilitate ideas, information and opinions in an engaging manner to the global audience.

We have organized numerous Seminars as well as Webinars with renowned national and international Animation experts and celebrities. This provides students a relevant exposure to the broad spectrum of work, philosophies, ethos and culture in animation across the globe. These sessions help students to acquire in-depth knowledge of a particular topic, latest industry developments and new skills associated with the subject. This also escalates their networking opportunities. Industry insights and motivation by renowned experts can play a crucial role for students to embark their journey and sustain in the Animation industry.

With the use latest tech tools now it is possible to learn application and Game Development with minimum technical academic background to make amazing interactive applications. In AAFT School of Animation the Infra, faculty and Students are making it possible with the real time technology.

STUDENT SPEAK

Fardeen Khan

BSC Animation 2020-23

I am Fardeen Khan, a student of B.Sc animation . It was my immense fortune to be a part of AAFT college . The entire faculty and department leaves no stone unturned to shape one's future. Huge respect and love for entire faculty members and department. It's their efforts that make me to count myself into better profession.

I can say that without the guidance and support of my college and my teachers, I would not have landed such an opportunity to join Sparrow Interactive as a Junior 3D Artist. Thanks to everyone who helped me in my learning process. I am also grateful for the support and guidance I received from my college during the placement process. The guidance I received in these years gave me the confidence to put my best foot forward and showcase my skills effectively to potential employers.
