Dear Sir,

Sub: Registration as Suppliers of ELECTRICAL PANEL BOARDS and BUSDUCTS

We have great pleasure in introducing ourselves as one of the reputed manufacturers of High Quality Medium Voltage Electric Switch Boards and Control Panels meeting with the specification of the user's requirements from past twenty years.

We have tested our panel boards at CPRI, for Temperature raise test, 50kA Short Circuit test, High Voltage test, etc., up to 3200A as per IS-8623. We are certified by ISO 9001: 2015

We have been supplying various types of Panel Boards to large number of industries including Sugar Mills, Textiles, Spinning, Chemical, Pharmaceuticals, Information Technologies, Cement, Mining, Steel, Engineering Industries, Educational Institutions, Defence Organisations and Power Engineering Contractors.

We are enclosing herewith a List of some of our valued Customers from which you will be convinced about our capabilities and experience we have gained in this field. We are also enclosing sample photos of panels.

We request you to kindly incorporate our name in your list of approved vendors. We would be extremely happy to associate ourselves in fulfilling your needs. If you need any clarification on any of our products, it will be our pleasure to call on you in person.

Looking forward to receive your most valuable enquiries, which will get the best of our attention.

Thanking you,

Yours faithfully,
for POWER EQUIPMENT SYSTEMS,

(A.R. SIVAKUMARAN)
Managing Partner.
